

Job Title: WV New Jobs Coalition Coordinator

Location: West Virginia

Background: WV New Jobs Coalition (WVNJC) is a partnership of organizations seeking to bring new, well-paying jobs to the Mountain State. We believe that West Virginians deserve:

- Full-time, good-paying, union jobs
- Affordable & accessible health care
- Clean water, air, and land
- Resilient, forward-thinking infrastructure
- Just and fair protections for our vulnerable communities on the frontlines of the ever-increasing climate emergencies

WVNJC partners include WV Citizen Action Group, the WV Working Families Party, SEIU District 1199, and the Sierra Club, and other statewide and local organizations.

The newest addition to the coalition's work is a series of meetings and one-on-one conversations to listen to regular West Virginians about their community's needs, and their vision for the future of our state.

Rather than assuming we know what people need, then presenting our solutions, we want to hear directly from residents. What are their individual stories? What are the everyday struggles people face? What would make their communities stronger? Are there federal or state resources and policy changes that can make a real difference in people's everyday lives?

The visioning project is also about lifting the voices of community members and helping them to lead work in the place they call home.

Job responsibilities include, but are not limited to:
